

## MAIN GRANT GUIDELINES

The [African Women's Development Fund](#) (AWDF) is a grantmaking foundation that supports local, national and regional women's organisations working towards the empowerment of African women and the promotion and realisation of their rights. By specialising in grantmaking and focused, tailored movement-building programmes, we work to strengthen and support the work of African women's organisations.

By amplifying and celebrating African women's voices and achievements, the AWDF supports efforts that combat harmful stereotypes, and promote African women as active agents of change.
